

Big Bang, Lies (english lycris)

hello?

hello?

yeah... love is pain

dedicated to all my broken-hearted people

one's old a flame, just scream my name

and im so sick of love songs

yeah, i hate them love songs

momento of ours..

lie!

a late night and rain falling down

i bring yuo back from my memories

i promised myself i will be fine without you

but i cant help it

i take in liquors that i cant even hold

trying to fell my empty heart

a day without you is too long

i pray that i may please forget you (that's a lie)

without you, happiness cannot be found in me

i cant even shed any tears

i dont want to live anymore

yeah, this is bullshit, its pissing me off

im going crazy in thoughts of you

i want to see you, but im being told that i cant

that its all over (i'll be right there)

im so sorry but i love you, its all a lie

i didnt know, but i know that i need you

im so sorry but i love you, out of anger

i pushed you away with those peircing words without realizing

im so sorry but i lve you, its all a lie

im so sorry (im so sorry) but i love you (i love you more and more)

im so sorry but i love you, will you leave

and forget me slowly, so i can be in pain

i dedicated my all into this song for you

(other people dont know)

by myself, without anyone knowing

(yeah, those words i said were lies)

a loner left behind all alone

and me lost in the midst of it all

in my pocket is the breakup letter that's wrinkled

and folded up in my pocket, hey

(and my habit of calling for you and wondering where you are)

im gonna change, i'll laugh everything off from now on

im so sorry but i love you, its all a lie

i didnt know, but i know that i need you

im so sorry but i love you, out of anger

i pushed you away with those peircing words without realizing

im so sorry but i lve you, its all a lie

im so sorry (im so sorry) but i love you (i love you more and more)

im so sorry but i love you, will you leave

and forget me slowly, so i can be in pain

oh, oh, oh, oh, oh, i hope this is all a dream

oh, oh, oh ,oh, oh, because i only add up to this much

drope that, babe

i still cant forget you

no, i dont think i ever will, even 'til the day i die, yeah

did the scars i gave you heal

im sorry becaus i never got to do anything for you

im so sorry but i love you, its all a lie

i didnt know, but i know that i need you

im so sorry but i love you, out of anger

i pushed you away with those peircing words without realizing

im so sorry but i lve you, its all a lie

im so sorry (im so sorry) but i love you (i love you more and more)

im so sorry but i love you, will you leave

and forget me slowly, so i can be in pain
