

# Big Brovaz, We Wanna Thank You

This is a little song that  
We wrote for you  
Just for everything that  
You are and you do  
We wanna thank you (wanna thank you)  
We wanna thank you

Aint nobody got my back like you  
Or rap like you,  
Or show a dog love like you  
Somehow you can turn  
My grey sky blue  
When im having a bad day  
You get me through  
I appreciate you  
And all the things you do  
Plus i love and respect you too  
And thats why  
Drop a bomb everytime  
That im cutin a song  
Ill let them know that  
It's goona be on  
I just trying to say thank you

I sit here thinkin about (you)  
If you wernt here what would i do ?  
You know i need you around (me)  
Without your love where  
Would i be  
I feel  
Even though im far away  
You are next to me  
So real  
All the loving your giving me  
It makes me just wanna say

[CHORUS]

Thank you for the things you do  
You pick me when i was down  
Thank you for the joy you bring  
Yeah you turned my life around  
I wanna say thank you  
For being there for me through everything  
Thank you  
For letting me be myself once again

You always come at the right times  
With the right words  
Make me feel fine  
Even when im hert  
And when some hate  
You show that you love me  
On your mind all the time  
Thinking of me  
Thats how i know that you truly care  
Anything i go through  
I know youll be there  
As long as you love me  
I aint going nowhere  
Cuz youre all i need  
I swear i really wanna

Thank you

How do i thank you for the  
Things that youve done for me  
I cant explain the joy it brings  
To my world your my world  
Your my everything  
Since the beginning youve been there for me  
So i sing this song to you  
For all that you do  
I just wanna say thank you

[CHORUS]

Thank you for the things you do  
You pick me up when i was down  
Thank you for the joy you bring  
Yeah you turned my life around  
I wanna say thank you  
For being there for me through everything  
Thank you  
For letting me be myself  
Once again

This is a little song that  
We wrote for you  
Just for everything that  
You are and you do  
We wanna thank you (wanna thank you)  
We wanna thank you (everything that you)  
Just for being there for us  
When we wre down and out  
For all the little words that  
You said out your mouth  
We wanna thank you (wanna thank you)  
We wanna thank you (everything that you)

When im feeling down  
You are always there to pick the pieces  
And place me on my feet again  
When your time comes around  
Just know that ill be there  
If you need me  
You can me for anything

[CHORUS]

Thank you for the things you do  
You pick me up when i was down  
Thank you for the joy you bring  
Yeah you turned my life around  
I wanna say thank you  
For being there for me through everything  
Thank you  
For letting me be myself  
Once again

Thank you for the things you do  
You pick me up when i was down  
Thank you for the joy you bring  
Yeah you turned my life around  
I wanna say thank you  
For being there for me through everything  
Thank you  
For letting me be myself  
Once again

This is a little song that  
We wrote for you  
Just for everything that  
You are and you do  
We wanna thank you (wanna thank you)  
We wanna thank you (everything that you)

Just for being there for us  
When we wre down and out  
For all the little words that
