

# Big Business, Focus Pocus

Take my advice  
Don't come any closer  
Don't you come any closer  
You're giving us all away

Hold on with your clenched fingers  
In the way that it shines  
With it so bad it's no easy thing  
Turning red into white

Take my advice  
Don't come any closer  
Don't you come any closer  
You're giving us all away

Hold on with your clenched fingers  
In the way that it shines  
With it so bad it's no easy thing  
Turning red into white

Keep it I'm throwing mine away  
Keep it I'm throwing mine away

We starting to sail old ghost  
See long as you blaze down ?  
Goes to the ground  
I can't get this ship turned around

Calm down this is the sound  
This part is easy just ?
