

# Big City Rock, All Of The Above

I&#039;ve heard of social climbing  
And I&#039;ve heard of bad timing  
But I haven&#039;t heard it all before...

Do you wanna rock?  
Do you wanna roll?  
Do you wanna get down on the floor?

All of the above  
I&#039;m falling in love  
Anything goes now  
Everyone knows how to throw a party  
We&#039;re gonna find one tonight  
We&#039;re gonna show them what we&#039;re made of  
All of the above...

I&#039;ve seen a lot of faces  
And I hear a lot of voices  
But never one as sweet as yours...

Do you wanna carve  
My name into a wall  
Right next to yours inside the shape of a heart?

All of the above  
I&#039;m falling in love  
Anything goes now  
Everyone knows how to throw a party  
We&#039;re gonna find one tonight  
We&#039;re gonna show them what we&#039;re made of...

All of the above  
Fallin&#039; in love  
With you...  
With you...  
With you...  
With you...

I&#039;m dropping out,  
&#039;Cause I&#039;ve seen what it&#039;s about  
And I know there must be something more

Do you wanna rock?  
Do you wanna roll?  
Do you wanna get down,  
Get down,  
Get down?

All of the above  
I&#039;m falling in love  
Anything goes now  
Everyone knows how to throw a party  
We&#039;re gonna find one tonight  
We&#039;re gonna show them what we&#039;re made of...

All of the above  
I&#039;m falling in love  
Anything goes now  
Everyone knows how to throw a party  
We&#039;re gonna find one tonight  
We&#039;re gonna show them what we&#039;re made of...

All of the above...  
Get down,

Get down,  
Get down,  
Get down,  
Get down,  
Get down,  
Get down,  
Get down,  
Get down,  
All of the above...
