## Big Country, Send You

There's a place where all roads end A place where we can meet again If things begin to end I hope that I can make amends Hey kid there's nothing wrong with you There's nothing wrong Hey kid the circus comes to town But must move on I will send you a lullaby You may not weep, you may not cry What else am I gonna do To keep this world from hurting you I will send you a lullaby You may not weep, you may not cry What else am I gonna do To keep this world from hurting you There's a time when all things slow When no one else will come or go When it's time I hope to know The strength to let me let it go You know there's nothing wrong with you There's nothing wrong

You know the show will come to town But must move on I will send you a lullaby You may not weep, you may not cry What else am I gonna do To keep this world from hurting you I will send you a lullaby You may not weep, you may not cry What else am I gonna do To keep this world from hurting you Hey kid there's nothing wrong with you There's nothing wrong Hey kid the circus comes to town But moves along I will send you a lullaby You may not weep, you may not cry What else am I gonna do To keep this world from hurting you I will send you a lullaby You may not weep, you may not cry What else am I gonna do To keep this world from hurting you
