Big Country, The Teacher

We talked and smoked all through the night You led me where I had no sight Till birdsong broke the morning light And I was weak with strange delight

Teacher will you show to me
The bond between the land and sea
For I am new to mystery I want everything laid out for me
All of history
All of history

You showed me walls around the world Where seekers passed and flags unfurled You wove a tale in silken curls And blew the mist in silver swirls

Teacher will you show to me
The bond between the land and sea
For I am new to mystery I want everything laid out for me
All of history
All of history

Teacher will you show to me
The bond between the land and sea
For I am new to mystery
I want everything laid out for me
All of history
All of history
All of history
All of history
