

Big D And The Kids Table, Dirt Lip

shave it off! well i see too many of them
walking around dirt on their face no hair to be
found well they walk in malls and they walk in
packs dirt on their lip and we can't have that,
smoke look rough, look bad, look mean this
media-tough kid only about 13 where the hell
is mom, where the hell is pop get a razor blade
this has gotta stop

{dirt lip shave it off dirt lip it's gotta stop
dirt lip just wait five years it's not a mustache,
it's not a beard}

when i was a headbanger i got beat up five dirt
lips yeah that was enough well i guess by now my
mind's gone wack my friends say man you just gotta
relax, soap helps dirt helps you keep clean to end
dirt lips is now my dream if you see one walk by
well just give 'em a smack i'll shave their lips and
i'll shave their back {chorus} well i always wonder
if they see it at all if they comb or groom it or just
think it's bald, cause the hair on your lip is like the
hair on my arm it's like the hair on a mole, so don't
act so alarmed dirt lips taken all size and shape they
can start at 9 and cover any age burn it, bleach it,
nair it or just masking tape, just get rid of it all it's
not too late {chorus}
