

# Big D And The Kids Table, Find Out

i gotta find out why i'm sticking around  
i gotta find out why i'm always being pushed down,  
i gotta find out (get out, get out)  
i gotta find out (get out, get out)  
i gotta try and find a friend i gotta try  
and find a good place again, try  
and find my way i can't stay  
i can't stay they're gonna have to  
leave here sometime,  
can't you see what's all around,  
they're gonna have to leave here sometime  
(i don't like this place i don't like your friends  
i don't like the way they all treat you  
i don't wanna stay i got things to do a  
slave in heaven or a star in hell)  
you're a star in hell [repeat]
