

Big Daddy Weave, In Christ

Well I may not be the greatest man to walk this earth
But I know who is
And I may not amount to what you think is much
But I already do to Him
While people keep searching for answers
Looking for a light in the dark
I'm standing with the answer
Cause He is living in my heart

In Christ I can do all things
In Christ I mount up on eagle's wings
In Christ I wait for a great reward
That I have in store
In Christ I have His righteousness
In Christ I have what I confess
In Christ I don't worry about all the rest
Cause everything I need to be is in Christ

Well you might think that I'm sounding all too prideful
But let me tell you something true
The very one who lives inside of me right now
Wants to live inside of you
Instead of searching any longer
You can have peace today
You can take hold of the answer
Then you'll be able to say

In Him we live and move
And in Him we have our being
As we all live in Him
Together we can sing
