Big Daddy Weave, Pharisee

Hear no evil, see no evil Speak no evil On the outside Full of pride, full of lies So well they hide On the inside

Theyll never be All that they seem They live the life of a Pharisee

Not perfect on the surface T So far to go T On the outside But a true heart T And a new start is what lives on the inside

For whom the Son has set free He is free Free indeed

Receive the Son who makes us free Then you will be free indeed
