

Big Daddy Weave, Words Of Life

On this hallowed ground
In this holy moment
Lord I am amazed standing in Your presence
Let my heart be still
And everything surrounding
Listen to the voice that was all creations founding

Words of Life
(Speak to me)
Words of Life
(Jesus speak)
Words of life to me

Down here on my knees
Im broken and Im bleeding
Longing to be free
So desperately Im needing
You to look my way
And see this poor heart beating
You have but to say
One word will be my healing

Speak Your words of life to me
Say the words that set me free
I long to hear You, long to feel
You drawing near, Im drawing near to You
