

Big Dumb Face, Gutterball

10 Million years and nothings changed
we're still a bunch of monkeys but with beautiful names
IQ's with culture, art and taste. Assholes and elbows and time to waste
Everybody
Everybody on the Planet
Every faggot, nigger, monkey, dike, redneck, wetback, goog, kike,
skinhead, pothead, deadhead, freak, hippie, junkie, computer geek
This is just like me, just like you.
Just like Hitler, Michael Jackson too
Everybody
