

# Big Head Todd And The Monsters, Her Own Kind

I won't stand in her way  
Spread her wings and she'll fly  
You know it's hard to be free  
When you slave to get by

This time ain't gonna let it get me down  
It ain't too late to start again,  
She said she wants to be her own kinda woman now...

I don't care what she says  
Ain't no love when your poor  
I can't get to my bed  
She won't unlock the door.

This time ain't gonna let it get me down  
It ain't too late to start again,  
She said she wants to be her own kinda woman now...

On my way I roll on  
Wipe the dust off my shoes  
Greyhound bus run til dawn  
Flower child dust my blues  
I ain't gonna let it get me down  
It ain't too late to start again,  
When she's checking' in, I'll be checking' out  
I'm going to find myself another friend.  
She said she wants to be her own kinda woman now...
