

# Big Kenny, Last To Know

I'd like to think this love will last forever  
I believe we'll always be together  
But if your heart turns cold  
And you ever get the urge to go

Let me be the last to know (Let me be the last to know)  
Let me be the last to know (Let me be the last to know)  
The last to know

You say you love me and I know you do  
But if a shade of doubt creeps up on you  
Just leave me in the dark  
Here with my trusting heart

Let me be the last to know (Let me be the last to know)  
Let me be the last to know (Let me be the last to know)  
The last to know  
The last to know

I'd hate to lose you please don't get me wrong  
But I'll get the idea when you're gone  
Baby please don't go

Let me be the last to know (Let me be the last to know)  
Let me be the last to know (Let me be the last to know)  
The last to know  
The last to know
