The one and only son of Tony...Montana You ain't promised manana in the rotten manzana C'mon-pana we need more rhymers feel the marijuana snake bite anaconda A man of honour wouldn't wanna try to match my persona

(CHORUS) -- When you awaken, your manhood'll be taken Fakin' like you Satan when I'm the rhymin' abomination (2x)

Sometimes rhymin' I blow my own mind like Nirvana

Go try to find another rhymer with my kinda gramma

Comma, and go the whole nine like Madonna

I'm pure adrenaline, uncut, straight to your gut, medicine Raw cure for pain I coat your brain like polyurathane Simple and plain, I'll explain it in layman terms If you came to learn how to make fire, I'm-a make it burn! Higher and hotter than lava this scholar is 'bout just as smart as MacGyver To put honor inside the heart of a lion revolved in a life of crime (crime!) Fuck it I like the shine (shine!), Up in the white and lime (lime!) Comes with the pipe design Plushed out! (No doubt!) Both pockets about to bust out If you not in it for the spinach, GET THE FUCK OUT! Take a hike, we can even battle to make it right Go 'head lace the mic, you finished? Say good night... Head to head in the street, I'll leave you dead in your feet Settlin' beef, I'll even let you rhyme to the Benjamin beat But it won't matter, you dreams still gon' shatter It's a long ladder to climb and mine is on the stagger So get outta town, 'fore I hit you with the loudest sound you ever heard Desert bird player you outta bounds

## (CHORUS (3x))

You need the Pun to dis you if your whole steez is unofficial I'll come and get you and let the desert eez tounge kiss you With one pistol and two clips, I'll make your crew do flips Like acrobatics, I'm charismatic, my gat is magic It makes rappers disappear, whipser in your ear Crystal clear, come here, let me kiss your tears Everything you fear is here, you ain't got to search further The first murder's the worst now I thirst further for reverse birth Every verse hurts, every curse word's already more offending Than Eddie Murph's worst I thirst for blood like a vampire, any man claimin' his game's tighter IS A GOD DAMN LIAR! I set 'em on fire, retire your train of thought Drain a quart of blood out your brain and leave you insane in the dark The king of New York! Lays his crown in the Boogie Down

And sprays the town, with a Mac hoodied down I'm no joke! (Yuh!!) I soak your face with a sweeper Dying disgrace, I'll face your death through the speaker

(CHORUS (4x) to fade out)
