

# Big & Rich, I Pray For You

Sometimes when I sleep  
I can see you walkin' back to me  
Sometimes I wake up  
'Cause I swear I felt your touch  
Then emotions over come me  
And the darkness is so cold

[Chorus]

I light a candle, watch it burn  
I feel the angels come and fill this room  
Oh, when you're gone I miss you so much  
I do the only thing I can do  
I pray for you  
I pray for you

Every minute of the day  
I can clearly see your face  
And every minute we're apart  
Oh, you know it just breaks my heart  
I'm so lonely, but I'm OK  
'Ccause I know we'll be together again

[Chorus]

Oh, I pray for you  
Please hold her and protect her  
'Til she's back here in my arms again  
Oh and Tell her how I love her  
And I'll be waitin' right here forever, AMEN  
I feel the angels come and fill this room  
Oh, when you're gone I miss you so much  
I do the only thing I can do  
I pray for you  
I pray for you
