

# Big & Rich, Never Mind Me

If you see me on the street, lookin' like I ain't slept in a week, hey  
Don't worry baby  
Find me closing down the bar, catch me crawlin' to my car, her  
Just look the other way  
And if I'm by myself with a twisted face fillin up on comfortable space

[Chorus]  
Never mind me  
(I'll be just fine talkin' to myself)  
Never mind me  
(Sittin' all alone inside my personal hell)  
I'm just doing fine  
Never mind me

Well if you can't comprehend why I'd be kissin' your best friend, her  
Just keep on walkin' baby  
'Cause when you're sittin' on the edge of a twenty story ledge, oh  
Well don't try to save me, no  
I'm probably lookin' at tje sky just tryin' to find a reason why

[Chorus]

Don't remind me I'm not crazy  
Don't rewind me and replay me  
I'm just fine

[Chorus]
