

# Big Star, Big Black Car

Driving in my big black car  
Nothing can go wrong  
I'm going and i don't know how far  
So, so long.

Maybe i'll sleep in a holiday inn  
Nothing can hurt me  
Nothing can touch me  
Why should i care?  
Driving's a gas  
It ain't gonna last.

Sunny day, highway  
If it rains it's all the same.  
I can't feel a thing  
I can't feel a thing

I've got a big black car.

Nothing can hurt me  
Nothing can touch me  
Why should i care?  
Driving's a gas  
It ain't gonna last.

The lights above, oh yes.  
I see the stars above
