

Big Star, Big Black Car

Driving in my big black car
Nothing can go wrong
I'm going and i don't know how far
So, so long.

Maybe i'll sleep in a holiday inn
Nothing can hurt me
Nothing can touch me
Why should i care?
Driving's a gas
It ain't gonna last.

Sunny day, highway
If it rains it's all the same.
I can't feel a thing
I can't feel a thing

I've got a big black car.

Nothing can hurt me
Nothing can touch me
Why should i care?
Driving's a gas
It ain't gonna last.

The lights above, oh yes.
I see the stars above
