

Big Star, In The Street

Hanging out, down the street
The same old thing we did last week
Not a thing to do
But talk to you

Steal your car, and bring it down
Pick me up, we'll drive around
Wish we had
A joint so bad

Pass the street light
Out past midnight

Ahh.....

Hanging out, down the street
The same old thing we did last week
Not a thing to do
But talk to you
