## Big Star, Kizza Me

Dreams and wishes, like shooting stars Coming up rushes I want to white out I want to white out

I want to feel you deep inside I want to feel you deep inside I want to feel you, yeah. Kizza me Lesa, why not.

Curse wild, windy linen Warm life, so-and-so I want to white out I want to come on out.

I want to feel you deep inside I want to feel you deep inside I want to feel you, yeah. Kizza me Lesa, why not.

Dreams and wishes, shooting stars Coming up rushes, okay okay. I want to white out I want to white out

I want to feel you deep inside I want to feel you deep inside I want to feel you, yeah. Kizza me Lesa, why not.

That's enough, baby
