

Big Star, Life Is White

Don't like to see your face
Don't like to hear you talk at all
I could be with ann
But i'd just get bored

Chorus can't even bring myself to call
And i don't want to see you now
Cause i know what you lack
And i can't go back to that.

Whatever's all the same
Now there's nobody to know
And i can't recall-recall your name
All i can say is so.

Your life is white
And i don't think i like
You hanging around.
