

# Big Star, Stroke It Noel

Child will you come on down  
Come on in with me  
Morning says to idle on  
Stay clear of the street.  
On the wing  
And on the land  
Can you sing  
With anything

Do you wanna dance  
Do ya  
Do ya, do ya, do ya wanna dance  
Stroke it noel

They say we're lazy men  
Drinkin' our white wine  
We could go right insane  
'cause we can buy the time  
Oh, keep an eye  
On the sky  
Will they come  
Oh the bombs

Do you wanna dance  
Easy now, easy now  
Do ya, do ya, do ya wanna dance  
Do ya wanna, do ya, wanna dance
