

Big Sugar, Just About Sunrise

(G. Johnson)

Just about sunrise
Just about sunrise
Just about sunrise
I got these blue tears burnin' my eyes

Knockin' on your door
Knockin' on your door
Knockin' on your door
In misery, won't you help warm me

Said I love you dear
Said I love you dear
Said I love you dear
Let me come inside, its cold out here

Said I'm all alone
Said I'm all alone
Said I'm all alone
In this mean old town won't you put me down

My money's all gone
My money's all gone
My money's all gone
I'm leavin' with your baby by the break of dawn

Just about sunrise
Just about sunrise
Just about sunrise
I got these blue tears burnin' my eyes

Just about sunrise
Just about sunrise
Just about sunrise
And I got these old blue tears burnin' my eyes
