

# Big Tent Revival, Faith Of A Little Seed

All it takes is a little bit of water and sunshine  
To make a big tree grow  
And every tree was a little bitty seed at one time  
It just takes time, you know

And patiently they lay in hope  
And God provides the rest  
All we really need  
Is the faith of a little seed

I never, ever saw a bird go hungry  
Singing in the breeze  
And the flowers, never was a lady on Sunday  
Prettier than these

And patiently they lay in hope  
And God provides the rest  
All we really need  
Is the faith of a little seed

Though I'm sown in rocky places  
There I will abide  
Taking root in my Lord Jesus  
Knowing He'll provide

The faith of a little seed  
The faith of a little seed  
The faith of a little seed
