

Big Tent Revival, God Made Heaven

Looking for Heaven
Looking in places you would regret
Think you found somethin'
Well here, stick around 'cause you ain't seen nothin' yet
Come on to me with your rationale
And I'll do my best to show you somehow
It might take a lifetime, and it might take a minute
If God made Heaven, then He wants you in it
Ever been lonely?
What am I saying, we've all been lonely
Im here to tell you
My Lord Jesus, He's the One and only
Waiting for your sun to shine
I'll wait til' the day I die
Don't you go and wait that long
I want to see you There with me
