Welcome to Dallas, Southside Texas
Don't come with no hoe shit, nigga this Texas
You will get murdered, your neckless
Better respect this, or lay out breathless

(Big Tuck)

Wig split Texas
Come with your mind right or you'll leave headless
We so for real hurr Presidents get killed hurr
Street life bananas and gorillas live hurr
Watch how you move or you'll be ape food
Our apes lift weights with tear drop tattoos
You will get murdered don't tempt me
This is my city we'll shoot till it's empty
Some deny us but please don't try us
Fully automatic we'll rip your house up
Some don't believe that they seem to die though
My life is a movie and I'm Al Pacino
Please check this this where it get hectic
Undercovers come in traps and they leave out neckless
You better respect this won't settle for less bitch
Never been to Dallas then you ain't never been to Texas

(Hook - 2x)

(Big Tuck)

(Hook - 2x)

(Big Tuck)

There'll be no jacking
