

Big Tymers, We Hustle

(feat. B.G., Juvenile, and Turk)

[Juvenile]

Listen,

It's a fresh package I got - why not move it
Keepin' it in the house 'll have the Feds locked to it
Business as usual is goin' on in the slums
We want the whole cake, nigga - we don't want no crumbs
Stupid shit - we avoid it
Dope - we exploit it
Had our shit tight bitches done destroyed it
Now niggas gettin' out lookin' for employers
Made a deal with the D.A. and the lawyer
Swearin' he would never tell - put it on his daughter
Sayin' he was outta town - nigga crossed the border
Should've bust his head, but I don't need the heat
I'll send another nigga out to handle beef for me
It's a test 'cause I've been given him a ki a week
Let me see what they gon' do up on the streets for me
And if he hand me his business, I'ma make sure he's straight
The only nigga out the project Magnolia with weight

[Hook - Turk]

Nigga, we hustle hustle everyday, all day
Get our grind on in the project hallway
Nigga try to hit a hustle, they get burnt with a K
Hot Boys and Big Tymers - they surely don't play

We hustle hustle everyday, all day
Get our grind on in the project hallway
Nigga try to hit a hustle, they get burnt with a K
Hot Boys and Big Tymers - they surely don't play

[B.G.]

Started out with a seven-gram quarter, flipped to half-a-ounce
Tryin' to keep clothes on my daughter and food in her mouth
It don't stop from sun-up to sun-down - I'm on the grind
In two weeks I was workin' a 16-25
Tryin' to get it - only thing in my vision is ballin'
Jumpin' out a 500-S class on brodders
So you only had a nickel like me hustlin' hard
'Fore I knew I was workin' four ounces and two quarters
Not a taker I'm scarred from (? ?)
Swore he was gon' front just bringin' his shit
Now I got a quarter ki - broke it down to six and two quarters
It's cooked already - I got these niggas runnin' like water
Slowly, I'm comin' up - scorin' a ounce since fronted nine
Had this nigga - only said what they workin', the block is mine
Got hustlin' skills in my blood - come from my pa
That's how I know the game 'cause at a young age I was taught

[Hook2x - Turk]

We hustle hustle everyday, all day
Get our grind on in the project hallway
Nigga try to hit a hustle, they get burnt with a K
Hot Boys and Big Tymers - they surely don't play

[Baby]

Brother, you my hustler, and K.C. my killer
Michael, (?), Curl, y'all lay back and peep these niggas
Dubbed all and wide open (whatever) whatever, my nigga
Big (?) grab the glock out to shoot, my nigga
Then if it go down, I know you're ridin', nigga
But it's cool - I lost some hot boys, my nigga

But I'm a fool untamed by the children in this game
Tre, go grab them things, we gon' get paid, man
Joe Casey know a nigga wan' buy some things
I start in the hood, I keep it real with my goods
Lac, hurry up back, I know a nigga wan' buy some crack
Smack a whole brick on that bitch when it come back
Stone, you play the cuts and watch my back
Magnolia Shorty, take these stacks and meet me at the shack
I'm 'bout to go to a car lot on veterans, black
And buy that new black-on-black 2G Cadillac

[Hook - Turk]

Nigga, we hustle hustle everyday, all day
Get our grind on in the project hallway
Nigga try to hit a hustle, they get burnt with a K
Hot Boys and Big Tymers - they surely don't play

We hustle hustle everyday, all day

What

What

What

Remember when shit was a easy task

Back in the days that passed

When bitches use to cut class

Just to let a dumb nigga hit that ass

Now everything fucked up

Sure virgin pussy gon' cost you a-hundred bucks

Nigga, that use to be the man shit outta luck

Young niggas walkin' 'round with that duck

Some say, "Play with your nose."

Some say, "Fuck them hoes."

Some say, "You're fat. Work out and get a six-pack."

I say, "Fuck all that, I'd rather have six facts."

Young niggas done drove me to pack a heater

Fuck drawin' up the meat beaters

They tryin' to defeat us

Move us out and delete us

Erase us niggas from the face of the earth

Put your dick in the dirt

No how, no way, daddy, it won't work

I refuse to be a statistic

DNA ballistic

With a closed casket

'Cause some young nigga blasted my brains on the side

Lil' daddy, I'ma swing wide and let everything out here feel me

You ain't gon' do it - old age gon' kill me
