Big Wreck, Breakthrough

I guess it's out of respect for you That I let my words always get the best of me

And it's out of respect for you I'm going to let you go I'm going to watch you be a star from the back of my mind

So I'm going roll and I'm going fill up my time

'Cause it so much harder to float around Than it is to hit the ground I've got to breakthrough Just let me breakthrough

Please Please

I'm kind of surprised I don't feel so bad When I think about the kind of week I've had I look at things in a positive way It's the brand new me as of the other day And I walk, with the air beneath my feet

It is so much harder to float around Than it is to hit the ground I've got to breakthrough Just let me breakthrough

Please

Why can't I see You don't want to see this side of me Why can't I know You don't want to know how far I'll go

Please

You know it's so much harder to float around Than it is to hit the ground You've got to breakthrough

Please
