

# Bijou Phillips, Hawaii

He likes to argue  
She likes it loud  
He likes his bath water hot  
She's not to read his paper, wow  
He wants another daughter  
But she's through with labor  
It's so much more exciting  
Somewhere pleasant  
Like Hawaii in the winter  
Like Hawaii in the fall  
Like Hawaii spring or summer  
It's Hawaii after all

He wants a macaw  
She doesn't mind  
They watch the X-Files  
Sundays at nine  
She said we'll make a daughter  
It's gotta be just perfect  
It's so much more exciting

Somewhere pleasant  
Like Hawaii in the winter  
Like Hawaii in the fall  
Like Hawaii spring or summer  
It's Hawaii after all

The plane is overcrowded  
The hotel is too tall  
The souvenirs are cheesy  
Little dancing hula dolls

And he's her big kahuna  
With plastic lai and all  
And she is still his cheesy little dancing hula doll  
In Hawaii in the winter  
In Hawaii in the fall  
In Hawaii spring or summer  
It's Hawaii after all

Aloha
