

# Bijue, All The Stars

You and me, forever in flight baby  
We and I we never broke apart  
You and me, forever in flight baby  
You and me, oh you and me

All the stars in the night  
Will never show the love  
I have for you, just for you, oh yeah  
/4x

All off my live  
I have searching for someone like you

You and me, forever in flight baby  
We and I we never broke apart  
You and me, forever in flight baby  
You and me, oh you and me

All the stars in the night  
Will never show the love  
I have for you, just for you, oh yeah  
/4x

Oh yeah, oh yeah, oh yeah, oh yeah

All the stars in the night  
Will never show the love  
I have for you, just for you, oh yeah
