

Bile, Teknowhore

Depression sets in, my world is grim. Depression is in, post life is dim. I am so low. I am at a low. I'm
dreams of everything I know. I see the road to nowhere, it's tattooed in my brain. I'm spitting chunks
insane! TEKNOWHORE! Depression is in, my world is grim. Depression is in, it's taken me in. I am
beneath the hopes and dreams of everything I know. I've seen the road to nowhere, I've seen it in
what I am, will never be the same! TEKNOWHORE!
