

# Bill Anderson, Calgary

(Bill Anderson - Michael J. Taylor)

When I rolled into town it was raining  
You met the bus but you brought along a friend  
You introduced me to him  
But I guess I looked right through him  
I didn't come all the way to Calgary  
Just to see you with another man.

It's a long way out here from Nova Scotia  
And your new love wasn't part of my plan  
But I knew from your smile you'd be with him for a while  
I didn't come all the way to Calgary  
Just to see you with another man.

--- Instrumental ---

I guess I'll be leaving tomorrow for home  
I'll try to forget you if I can  
I don't stand a chance if I don't know to dance  
I didn't come all the way to Calgary  
Just to see you with another man.

--- Instrumental ---

I didn't come all the way to Calgary  
Just to see you with another man...
