

# Bill Anderson, Can We Still Be Friends

[ Bill ]

If I kiss you tonight when the sun comes up tomorrow can we still be friends

[ Mary Lou ]

If I take you in my arms and if you become another can we still be friends

[ Both Lou ]

Can we still laugh and talk can we still hold hands and walk

[ Bill ]

Through the magic world that we've been living in

I'd like for you to love me (but I'd love for you to like me)

[ Both ]

Can we still be friends

[ steel ]

[ Bill ]

I've seen so many couples fall in love with each other

And the beautiful friendship ends

[ Mary Lou ]

And I've just got to know before I give myself completely can we still be friends

[ Bill ]

Can we still laugh and talk can we still hold hands and walk

[ Mary Lou ]

Well it'd still be as tender as it's been

[ Bill ]

I'd like for you to love me (but I'd love for you to like me)

[ Both ]

Can we still be friends can we still be friends
