

Bill Anderson, I Wonder What the Weather's Like

I WONDER WHAT THE WEATHER'S LIKE IN CHARLESTON

(Moneen Carpenter)

'72 copyright control

Though you never talked of all ways you were gentle
And life was simple just because you cared
I never thought too much about tomorrow
I just could not imagine you're not here
I wonder what the weather's like in Charleston
Someone said they heard that's where you've gone
I hope it doesn't rain today in Charleston
For I want you always walking in the sun
I'm sure you never meant to leave me hurtin'
But I guess the urge to go got out of hand
So you left without a word of explanation
I hope somehow you know I understand
I wonder what the weather's like...
