

Bill Anderson, Together We're One

(Martin Greene - Jim Weed)

What good is my life
If I don't have you
'Cause all of my dreams
Are built around you.

I'd be like Miami without any sun
Without you I'm nothing
Without you I'm nothing
Together we're one.

The roar of Niagara
When you are near
Turns into a drip
When you disappear.

Imagine a party
Without any fun
Without you I'm nothing
Without you I'm nothing
Together we're one

When I'm happy
Oh, it tickles me too
When I'm crying
You know it hurts me
Through and through.

It takes two hands
To make one hole
I belong to you, baby
Body and soul.

If you ever leave me
And you don't come back
I'd be like a train
Without a railroad track.

Just like a river
With a no place to run
Without you I'm nothing
Without you I'm nothing
Together we're one.

When I'm happy
Oh, it tickles me too
When I'm crying
You know it hurts me
Through and through...
