

Bill Ferguson, Goin' Home

Take me back toward the sea
Amongst the tide, amongst the sky
Never thought much of the city lights

Take me back to where I'm from
Show me the caress of the sun
Let's make it like a hideaway

Take me back to where I'm from
For me there's nothing more
Take me back to where I'm from

Take me back to where I'm from
The sun, the sand, the shore
Take me back to where I'm from

Yes, I'm goin' home, yeah I'm goin' home
(No other place for me)
Yes, I'm goin' home, yeah I'm goin' home

Take me back to where I'm from
For me there's nothing more
Take me back to where I'm from

Take me back to where I'm from
The sun, the sand, the shore
Take me back to where I'm from
