

# Bill Monroe, Give Me Wings

I've been looking around  
There's a whole new world i see  
And so many things that i can do  
With your strength in me

# Now i ask you to hear  
As i sing of brighter days  
For i need to have you very near  
Come and find the way#

\* Give me the wings  
Of an eagle  
I will soar into the sky  
Give me strength  
to hold a brother's hand  
As he's passing by  
Give me the eyes  
Of tomorrow  
Let me see what i can find  
If you lead me  
I will follow now\*  
Give me wings to fly@

You've been watching me grow  
As you gently lead me on  
It's your love and power that i know  
Guides and keeps me strong  
(repeat# to @)

High above the clouds  
I can see the beauty down below  
And i know you're holding me  
I'll never fly alone  
Alone  
(repeat \* to \*)  
Give me to reach the sky  
Moving up i'm rising high  
Give me wings to fly
