

Bill Nye, Celestial Hotel

Well, when I look up at night
Well there's so much I can tell
Just by being curious and
Observational

Well I'm
Well I'm so observant, baby
Well I'm so observant
I'm so observant of the sky

Well we're in a solar system
And solar, that means sun
And the Sun is one star in a galaxy
Of billions and billions

Well I'm
Well I'm so observant, baby
Well I'm so observant
I'm so observant of the sky

Now the tenacity's impressive
And as if that's not enough
Some planets, you and me, baby
Are all made of the same stuff

Well we're
We're all made of atoms, baby
We're all made of atoms
We're all made of atoms, you and I
