

Bill Nye, The Faster You Push Me

The faster you push me
The farther I get
You're adding velocity
The faster you push me
The farther I get
You're adding velocity

I will roll
Very far
But not as far as that car
Weight is such
A central part
Of momentum, dear
Whether you care
Or do not
Yeah, now if you don't mind

The faster you push me
The farther I get
You're adding velocity
The faster you push me
The farther I get
You're adding velocity
