

# Bill Withers, Lovely Night For Dancing

It's a lovely night for dancing  
And I get this feeling from a love song  
And oh, from sunset to sunrise  
You know the feelin' from the music turns me on  
And oh, from the twilight to the blue skies  
You know I feel like dancin' all night long

Such a lovely night for dancing  
And I get this weakness from a love song  
And oh, from sunset to sunrise  
No more weakness for the music turns me on  
And oh, from the twilight to the blue skies,  
You know I feel like dancin' all night long

Get up and dance with me  
Get up and dance with me  
Get up and dance with me  
Get up and dance with me
