

Bill Withers, Naked And Warm

Heaven lies here asleep and sweet
Naked and warm (said I feel naked and warm)
Heaven lies here with me
and I feel naked and warm

Wise men follow love and call it feelin'
But I sleep with love and call it heaven

Heaven makes love to me and I feel
Naked and warm (said I feel naked and warm)

And when I have a need for softness
I pull an angel to my breast and I call out
Heaven! Oh! Heaven!
