

# Bill Withers, She Wants To (Get On Down)

She spends the daytime being a lady  
But when the nighttime rolls around  
She's got some games to play  
She wants to get on down

Get down, down  
Get down, down  
Get down, down, down, down, down

Don't fall in love, love;  
Nothin' to say  
Won't let your story get off the ground  
Don't let your feelin's get in the way  
She wants to get on down

Get down, down  
Get down, down  
Get down, down, down, down, down

Never could stand to be tied to a lover too long  
Hurry to play but plan before the day to be gone  
Gone, gone, gone, gone

Down, get down  
Down, get down,  
Down, get down  
Down, get down, down, down, down, down

Don't fall in love, love;  
Nothin' to say  
Won't let your story get off the ground  
Don't let your feelin's get in the way  
She wants to get on down
