

# Bill Withers, We Could Be Sweet Lovers

Sweet life, it just can't be paradise  
But if you think it's alright  
Ow baby, we could be sweet lovers in the night  
I'd be faithful and I could treat you nice  
Ow baby we could be sweet lovers in the night  
If you think I might  
be someone you could like  
What if you were my lover?

Chorus:

I could spend my lifetime holding on to you, my lover  
I could spend forever holding on to you  
Spend my every nighttime holding on to you, my lover  
Til the end of never holding on to you  
Sweet life, just can't be paradise  
But we can make it quite nice  
Ow baby we could be sweet lovers in the night  
If you think I might  
Be someone you could like  
What if you were my lover?

Repeat Chorus
