

# Bill Withers, Whatever Happens

Whatever happens  
We'll have some love along the way  
But it ain't easy  
We'll look for some words of love to say  
And smile..mmmmm  
It may happen anyway  
And we'll kiss before we say 'goodnight'  
And whatever happens  
They're'll be some time along the way  
When it ain't easy  
It just can't be sunshine everyday  
We'll smilemmmmm  
And be happy, anyway  
And we'll kiss before we say 'goodnight'  
I've got you in my life  
Together we can reach the higher ground  
We'll be alright  
Just as long as you're around  
Girl, I won't let you down  
Whatever happens  
There'll be some good times, and some bad  
But it ain't easy  
Let's just remember the good times that we had  
And just smilemmmm  
And be happy, anyway  
And we'll kiss before we say 'goodnight' (x2)
