

Billie, Call Me

You can call me
You can call me
You can call me
You can call me
You can call me
You can call me
You can call me
You can call me

Somewhere in the city
In the light of hope and faith
My baby's looking for me..... Mmmmmm
Though he wouldn't say

But I don't know where your going, boy
'Cos I don't know where you've been, ohhh yeah
But if I see you, I can show you
A little lovin' and tenderness
So any time you need me, you can just call me

Day or night
Any time
You don't have to worry, at all
Baby just phone me

Though it's never spoken
It's rarely ever said
I believe that some are chosen baby
Share their lives 'till the end

It's like your always running, baby
But where you gonna hide
'Cos I need to show you lovin'
But you gotta be around sometimes
So anytime you need me, you can just call me

Day or night
Any time
You don't have to worry, at all
Baby just phone me

Day or night
Any time
You don't have to worry, at all
Baby just phone me

When your last friend has gone
When you feel all alone
Being the strength when your not
You don't have to worry, at all
'Cos anytime you need me, you can just call me

Day or night
Any time
You don't have to worry, at all
Baby just phone me

Day or night
Any time
You don't have to worry, at all
Baby just phone me
