

# Billie, Don't Forget To Remember

I saw you jump up  
You and your friends, baby  
And I heard you say they're playing a jam  
(there's a jam right here baby)  
so waving your hand  
from side to side, sugar  
hear you're claiming you're a certified man  
(certified)  
I know it might sound strange  
But I pictured us alone  
And you're kissing me in ways I can't tell - no  
If my thoughts of you are true  
Then I wanna get with you  
So I'll step in while I'm given the chance yeah  
Do you have a girlfriend? Do you have a girlfriend?  
You're looking real cool You're looking real cool  
Can I have you're number? Can I have you're number?  
You don't have a thing to lose.  
Do you have a minute? Do you have a minute?  
What is on your mind? What is on your mind?  
I was just thinking I was just thinking  
We can spend some time  
Heard a slow song  
You don't waste time baby  
And you asked me if I wanted to dance?  
(sure I wanna dance)  
playing hard to get  
takes to long, sugar  
so I told my friends that I found a man  
(you're the one)  
I know it might sound strange  
But I pictured us alone  
And you're kissing me in ways I can't tell - no  
If my thoughts of you are true  
Then I wanna get with you  
So I'll step in while I'm given the chance  
Do you have a girlfriend? Do you have a girlfriend?  
You're looking real cool You're looking real cool  
Can I have you're number? Can I have you're number?  
You don't have a thing to lose.  
Do you have a minute? Do you have a minute?  
What is on your mind? What is on your mind?  
I was just thinking I was just thinking  
We can spend some time  
do ya do ya do ya have a girlfriend?  
you're looking real cool  
do ya do ya do ya have a minute?  
I was just thinking  
do you do you do you have a girlfriend?  
We could spend some time  
do you do you do you have a minute?  
Are you all alone? A-ha A-ha  
I know it might sound strange  
But I pictured us alone  
And you're kissing me in ways I can't tell - no  
If my thoughts of you are true  
Then I wanna get with you  
So I'll step in while I'm given the chance  
Do you have a girlfriend? Do you have a girlfriend?  
You're looking real cool You're looking real cool  
Can I have you're number? Can I have you're number?  
You don't have a thing to lose.  
Do you have a minute? Do you have a minute?  
What is on your mind? What is on your mind?

I was just thinking I was just thinking  
We can spend some time  
Do you have a girlfriend? Do you have a girlfriend?  
You're looking real cool You're looking real cool  
Can I have you're number? Can I have you're number?  
You don't have a thing to lose  
Do you have a minute? Do you have a minute?  
What is on your mind? What is on your mind?  
I was just thinking I was just thinking  
We can spend some time
