

# Billie Eilish, 6.18.18

Our time is up  
Your eyes are shut  
I won't get to tell you what  
I needed you to know  
It's dark enough  
The moonlight doesn't show  
And all my love  
Could never bring you home

There's no more stars to find  
And I'm too far behind  
And I'd love to let you go  
I'd love to let you go  
You're all that's on my mind  
I called a thousand times  
And I have to let you go  
But I love you more and more than you could know

I sat alone  
Awaited your reply  
Was driven home  
When I started to cry  
I should've known  
I should've said goodbye  
I only hoped  
I would've had more time

There's no more stars to find  
And I'm too far behind  
And I'd love to let you go  
I'd love to let you go  
You're all that's on my mind  
When I called a thousand times  
And I have to let you go  
But I love you more and more than you could know

We're both too young  
To live and die this way  
A sunny summer day  
With so much left to say  
Not 21  
The 18th out of pain  
The day you couldn't stay  
You made me wanna pray  
But I think God's fake

There's no more stars to find  
And I'm too far behind  
And I'd love to let you go  
I'd love to let you go  
You're all that's on my mind  
When I called a thousand times  
And I have to let you go  
But I love you more and more and more and more and more  
More and more, more and more and more than you will ever know  
You will never know  
You will never know
