

# Billie Eilish, Chihiro

## [Verse 1]

To take my love away  
When I come back around, will I know what to say?  
Said you won't forget my name  
Not today, not tomorrow  
Kinda strange, feelin' sorrow  
I got change (Yup), you could borrow (Borrow)  
When I come back around, will I know what to say?  
Not today, maybe tomorrow

## [Chorus]

Open up the door, can you open up the door?  
I know you said before you can't cope with any more  
You told me it was war, said you'd show me what's in store  
I hope it's not for sure, can you open up the door?

## [Refrain]

Did you take  
My love away  
From me? Me  
Me

## [Verse 2]

Saw your seat at the counter when I looked away  
Saw you turn around, but it wasn't your face  
Said, "I need to be alone now, I'm takin' a break"  
How come when I returned, you were gone away?

## [Bridge]

I don't, I don't know why I called  
I don't know you at all  
I don't know you  
Not at all  
I don't, I don't know why I called  
I don't know you at all  
I don't know you

## [Refrain]

Did you take  
My love away  
From me? Me

## [Interlude]

And that's when you found me

## [Verse 3]

I was waitin' in the garden  
Contemplatin', beg your pardon  
But there's a part of me that recognizes you  
Do you feel it too?  
When you told me it was serious  
Were you serious? Mm  
They told me they were only curious  
Now it's serious, mm

## [Chorus]

Open up the door, can you open up the door?  
I know you said before you can't cope with any more  
You told me it was war, said you'd show me what's in store  
I hope it's not for sure, can you open up the door?

## [Post-Chorus]

Wringing my hands in my lap  
And they tell me it's all been a trap

And you don't know if you'll make it back  
I said, "No, don't say that"

[Outro]

(Wringing my hands in my lap)  
(And you tell me it's all been a trap)  
(And you don't know if you'll make it back)  
(But I said, "No, don't say that")  
(Wringing my hands in my lap)  
(Tell me it's all been a trap)  
(Don't know if you'll make it back)  
(Don't say that)  
Hm-hm
