

Billie Holiday, I'LL NEVER FAIL YOU

Irving Taylor / Vic Mizzy

I'll never fail you

Whatever may be

I'll never fail you

Depend upon me

I'll see them all through

The things you've planned.

But if they fall through

I'll understand,

And when shadows trail you

I'll bring you the sun

I'll never fail you

There's no other one

I'm yours forever

We never will part

I'll never never fail you sweetheart
